

Kathrine Windfeld Sextet

"Kathrine Windfeld is a rising star on the European jazz scene, not least for her bold writing for her adventurous big band"

Jazzwise Magazine (UK)

The Guardian (UK) describes Kathrine Windfeld's compositions as a rare combination of delicacy and strength: A colorful meeting of sophisticated harmonic passages, driving grooves and poetic ballads that float into her explosive arrangements.

With her highly acclaimed three big band releases AIRCRAFT (2015), LATENCY (2017) and the recent ORCA (2020), Kathrine Windfeld's name has quickly exceeded the borders of her Scandinavian home, leading to countless awards and raving reviews in international publications like Downbeat (USA), Le Monde (F) and Jazzthing (DE).

Windfeld's handpicked dream team of young Scandinavian and Polish musicians effortlessly combine playful precision with enthusiastic power.

The horn section offers a delicate blend of strong individual voices in tight and sharp ensemble playing bursting into breathtaking solo spots. Bass player Johannes Vaht and drummer Henrik Holst Hansen (members of Kathrine Windfeld Big Band since 2014), always deliver an intense performance with precision and creativity.

In addition to touring with her own ensembles, Kathrine Windfeld has collaborated with top class orchestras like the Danish Radio Big Band (DK), Frankfurt Radio Big Band (DE) and Swedish Bohuslän Big Band. Her ambitious work has also inspired international greats such as Mike Stern, Seamus Blake and Gilad Hekselman to share stage with her.

"Windfeld's band of leading young Scandinavian musicians is as tight and sharp as any you'll hear"

The Guardian (UK)

"In the musical substance of the compositions, Kathrine Windfeld can compete with the big names in the business"
